No, I think 8. The library will stay open for the meeting, I just have to arrange it with the library manager.

WE don't have a date. I am interested to know the library's availability. I think you answered it by stating the library is only booked for May 7<sup>th</sup>. I will be talking with Todd Friday.

What was the timeframe of the last meeting? Did it end at 6?

Katrina  
The head of the Library is out this week. I will talk with her on Monday, but I need a date. Can you suggest a few so I can see if they are open. The library closes at 6 but she can approve us staying later. The only day they have booked is May 7.

Bill, will you contact the library to see what days they have available in May for a community meeting? I think we need a time slot of about 4 hours, say from 4 to 8. I'm thinking that this is necessary so we can function more as a come and go see the poster type meeting rather than a formal presentation. Thoughts?
